****We Want to Hear from You! ****

In September, our meeting was well-attended with over 42 PTO members and more than 15 volunteers eager to assist with upcoming events. Let's sustain this positive energy by supporting the PTO and showcasing to our students what can be accomplished when parents, teachers, and staff work together. What ideas, events, or topics would you like to address at our next meeting? Your input is highly valuable, and we are committed to ensuring your voice is heard. Please email us your suggestions so that we can incorporate them into the agenda, or feel free to join us in person to share your thoughts. We eagerly anticipate your contributions and are enthusiastic about engaging in meaningful discussions with the PTO!

Want to become a room parent? Are you interested in becoming a room parent? A room parent serves as a vital link between the classroom and other parents, sharing important information and helping to organize volunteers for field trips and celebrations. They also communicate allergy information and facilitate communication between parents and teachers. We are also seeking monitors to assist with these efforts.
